

POCKET 640 DPR-64

An entire radio package
for in your pocket

The Pocket 640 makes sure you can always enjoy music the way you want. The handheld radio receives DAB+ and FM. On the easy-to-read display, you can also find the signal strength indicator. Furthermore, a tactile lock prevents unintentional operation. You can power it and charge the batteries with a standard USB adapter or use 2 AA batteries (not included) to give you the ability to utilize your radio at all your outdoor activities!

With a handy Battery Power Status indicator icon telling you what power you have left in your batteries, you will never be caught with empty batteries! This pocket radio can wake you up with one of the 2 alarms, by radio or buzzer, everywhere.
