

ATOMIC 09 RCR-9

FM-RDS (RBDS) / AM
Digital Tuning Atomic Clock Radio

Wake up without worries every morning with the Atomic 09. It updates its time automatically from the DCF signal, so you are assured of accurate and reliable time. An automatic tuning system scans and programs your presets automatically for all your local radio stations depending on signal strength of the stations, so the Atomic 09 is perfect company for your bedroom.

With the AM/FM digital tuning you can receive your favorite radio stations and store them in the 18 Presets (9FM, 9AM). With the double Digital and Analog clock display with adjustable backlight, you can clearly see the time and all other information. The DCF controlled clock automatically sets the time exactly right, even after a power fail. With the 2 alarm timer and the HWS (Humane Wake System) buzzer and radio you will wake up as comfortable as possible.
