

## ATOMIC 89 DCR-89+

DAB+ / FM-RDS  
Digital Clock Radio

### DAB+

The Atomic 89 is a compact DAB+ / FM-RDS clock radio with integrated speaker and automatic time settings. It synchronizes the time from the DAB+ or RDS-CT signal so you always have the correct time. Use the sleep timer to fall asleep to your favorite songs. Furthermore, you can use the AUX-in, line-out to connect and combine your music devices.

With 10 station presets (5 DAB+, 5 FM) you can store your favorite stations. The backlit and easy to read display contains all information for service data and station info. The 2 alarm timers let you wake up comfortable with music or buzzer.

- 10 station presets (5 DAB+, 5 FM)
